

Need a Video or DVD for Class?

Check the Library Catalog (IUCAT, searching ALL libraries) at:

<http://www.iucat.iu.edu/>

If available at IUSB, check it out from the library for your class. You may call in advance to “reserve” the date you need. To do this, contact Kathy Plodowski (520-4380 or kplodows@iusb.edu).

If available in the IU system, then use the Request This link on the screen to request item. If Bloomington owns it in their Media Services collection, then fill out the request form at:

<http://libraries.iub.edu/schedule-classroom-media>

DVDs/videos need to be requested through Media Services at least 7-10 days prior to date of showing.

If the video is in IUCAT but cannot be ordered through Request This or Media Services OR is not in IUCAT, place an interlibrary loan request about 2 weeks in advance. You may place your request online at:

<https://iusb.illiad.oclc.org/illiad/logon.html>

Caution: Interlibrary Loan cannot schedule a video to be here on a specific date.

Please place your interlibrary loan request about 2 weeks in advance. Interlibrary Loan will search all available lending libraries, but we cannot guarantee when or if it will arrive. Many libraries do not lend multimedia materials, so we have a limited source. We are always happy to try to work within your time frame.

If you have questions about this process or about Interlibrary Loan, call Maureen Kennedy at 520-4433.
