Title: Guide to IU South Bend Athletics Department Collection, 1969 -

Abstract:

This collection includes IU South Bend campus official Athletic Department publicity materials and related information about varsity and intramural athletics at IUSB. Athletics activities began in the 1960s at IUSB. The first athletics was the basketball team, which began at the club level. The IUSB Basketball teams – both the men’s and the women’s teams – the “Titans” joined the National Association of Intercollegiate Athletics (NAIA) by unanimous vote by the Athletics Committee on September 25, 1987. Through student petition, the basketball club grew to a varsity level team by 1984. Six years later in 1990, IUSB would also gain a women’s basketball team on the same level. From the 1980s forward, athletics at IUSB has increased in numbers of clubs and teams for many more sports. The materials in this collection are an accumulation of historical events important to IU South Bend’s student athletic history from the 1960’s to present and will continue to grow with the campus athletics programs.

Scope and Content Note:

The Indiana University South Bend Athletics Collection documents the many different sports in which IUSB students take part. The collection comprises two series, one of them containing documents from the varsity athletics of Indiana University South Bend, and the other containing materials from the intramural sports the university hosts.

Varsity Sports

Varsity sports began at the club sport level at Indiana University South Bend in the 1960s. The athletics moniker of “Titans” was coined in a Student Government Association election in December of 1969. The student body selected the official nickname and chose Air Force blue and white as the school colors (later these became red and white – like the rest of the Indiana University campuses). The first varsity athletic letter was offered in 1971. The first men’s basketball scholarship was awarded in 1985 – to Saleem Olajuwon, an international student from Nigeria.

The first basketball coach came to the IU South Bend campus in 1981, Coach Reddy Gustine, to coach the team when it was still a club sport. In the Fall of 1984, there was a student-generated petition to get varsity basketball on the campus (rather than have it at the student club level) and to have a dollar of each student’s student activity fee go specifically to a sports fee. It was this time also that the basketball team’s uniforms were printed with “Titans” on them for the first time. By November of 1984, the IUSB Basketball Club joined the National Little College Athletic Association (NLACC). IUSB’s Titans joined the National Association of Intercollegiate Athletics (NAIA) by unanimous vote by the Athletics Committee on September 25, 1987. In the same year, Homer Drew came in as the men’s basketball coach. IU South Bend is a part of the Chicagoland Collegiate Athletic Conference (CCAC).

In 1990, women’s basketball began with its first home game. By 1992 the women’s basketball team had won its first game. In 1993, Mary Wisnewski was hired as the women’s head basketball coach. Wisnewski retired in 2006, and Steven T. Bruce began his tenure as women’s head basketball coach.

The women and men’s basketball teams have had a number of home gyms. The first location that the team played was at South Bend’s Greene Elementary School. The team got its second home gym – still on “borrowed” ground – at Mishawaka’s Bethel College gym in 1970. In 1985 Titans moved to playing home games at the city-owned Newman Recreation Center near campus. The fourth – and final – home of the basketball teams (both women’s and men’s) – is in the campus’ Student Activities Center (SAC). The SAC has three basketball courts as well as an indoor track, weight machines and racquet ball courts for athletes and the rest of the IU South Bend community to use.

Indiana University South Bend added to their varsity sports program by forming a Women’s Volleyball team with Jamie Ashmore as head coach. The volleyball team began competing in the 2011-2012 academic year. Subsequently, in 2014, two new sports were added. The first was Men’s and Women’s Cross Country, with Rob Carrasco as the head coach of that sport. The

second was Men's Golf, with Coach Justin Akers. Both sports began competing in the 2015-2016 academic year. Most recently, after a closure of the Holy Cross College Baseball program, IUSB added a Men's Baseball team, coached by the former Holy Cross baseball coach, Brian Blondell.

While this series mainly contains material on varsity sports at Indiana University South Bend, there is some overlap with the Intramural Sports series, and both series should be consulted. One critical area of overlap between the two series is in the area of club sports. Since the varsity sports at IUSB originally began as club sports, there is material in the Varsity Series concerning those club sports that eventually gave rise to IUSB's varsity sports program. However, the Intramural Series also contains some material from club sports, notably material on both Men's and Women's Soccer Club and IUSB's Quidditch Club. In addition, the Student Life Collection, which contains material from IUSB's many student clubs, also encompasses some club sports, such as the Women's Fastpitch Softball Club, Running Club (or Run Club), the Bowling Club, and additional documents on the Quidditch Club. For complete information and material on club sports at IUSB, one should consult both series of the Athletics Collection, as well as the Student Life Collection.

In addition, sets of photographs in the Varsity series of the Athletics Collection often contain representations of both varsity and intramural teams. If researchers are looking for photographs of intramural teams, they are advised to consult the folders of photographs in the varsity series.

The Varsity Athletics Series includes one bankers and three manuscript boxes. Within the boxes are a file of documentation of the Women's Basketball team, a file of documentation of the Men's Basketball team, scrapbooks that document the men's basketball teams from 1988 to 1993 as well as the cheerleading teams, souvenir basketball programs from 1989 to 2013, news articles on the basketball teams, official certificates of recognition, schedules of basketball games from 1969 to 2014, and a DVD retrospective of the 2009-2010 teams. Additionally, there is list of campus athletics history (all sports) from 1969 to 2001, one men's basketball jersey circa early 1970s, one woman's basketball jersey from 2000-2001 and five DVDs housing pictures from varsity and intramural sports. Documents date from 1969 to the present and are organized in chronological order.

Intramural Sports

In addition to the varsity sports offered by Indiana University South Bend, intramural sports continue to be an important facet of student life and recreation. The Intramural Sports series of the Athletics Collection contains documents from the intramural sports offered at IUSB. Some of these sports correspond to varsity counterparts—such as basketball—while some others, such as Brazilian Jiu-Jitsu, Table Tennis, and Racquetball, among others, operate only at the intramural level.

Intramural sports at IUSB have had a strong connection with the Student Activity Center (SAC) on campus since its dedication in 2004. Indoor intramural sports, such as Basketball,

Whiffleball, and Volleyball, take place on the courts in the SAC. Researchers are advised to consult the IUSB Student Activity Center Collection for related material.

Outdoor intramural sports were held at various community locations, such as O'Brien Park in South Bend, before the construction of the River Crossing Student Housing in 2008, which included a recreational field where many of the intramural sports began to be held in subsequent years. Some intramural sports, however, continued to be held at other locations, due to the need for specialized playing areas—some of these sports include Golf, which was held at Erskine Park Golf Course, Tennis, which was held on the tennis courts at nearby John Adams High School, and Softball, held at Potawatomi Park.

As stated above in the scope and content note to the Varsity Sports Series, the Intramural collection also contains some information on club sports. Additional information on club sports at IUSB can also be found in the Varsity Sports Series, and the Student Life Collection. In one case, both the Intramural Sports Collection and the Student Life Collection contain material on the same student organization. This organization is the Quidditch Club. The Student Life Collection contains information on the Quidditch Club from 2010-2012, while the Intramural Sports Collection contains material on the same club dating from 2012-2014.

The Intramural Sports Series also contains material about other, non-athletic programs put on by Intramural Sports at IUSB. One of these programs is the NCAA Holiday Bowl Pick 'Em, in which students submit brackets of their personally-predicted results of football bowl games, and the student with the most correct predictions wins a prize. Intramural Sports has run several of these bracket competitions for such college sports tournaments as March Madness for Men's and Women's Basketball. The Intramural Sports series of the Athletics Collection contains completed entry forms for these competitions and score sheets rating the participants' accuracy in predicting the game outcomes.

The material in the Intramural Sports Collection is all paper documents, most of which relate to individual sports, including such things as the rules by which the intramural sports are played, promotional fliers, registration forms for each sport and season, which give the names of participants and their status within the university (student, staff, or faculty), brackets of tournament-style playoffs, and score sheets from individual games. Although not as numerous as the information about the individual sports, there are some materials concerning the administration of intramural sports at IUSB in the Intramural Sports Collection, including an Intramural Sports Officers' Manual and a booklet of Intramural Sports Policies and Procedures.

While documents in the Intramural Sports Collection span the dates from 2003 to 2014, the majority of the material dates from 2008 to 2012.

Administrative Information:

Materials donated to the IU South Bend Archives by the IU South Bend Athletics Department in August of 2008 onwards.

Access Restrictions:

This collection is open for research.

Advanced notice is required.
