Scope and Content Note

The Indiana University South Bend Commencement Programs Collection contains commencement programs from the years 1967-2016. While the collection is mostly complete, there are a couple of programs that are missing; these are noted in the space that they would have occupied according to year. In addition to the programs there are a few years where the full text of the commencement ceremony addresses are available, as well as additional text information such as invitations and technical information concerning the ceremonies.

There are graduation programs as well from different schools within the campus including the Baccalaureate Program, Nursing, Dental Hygiene, and Dental Assisting. Note: Headings for each year's program vary as they are recorded as the headings read for each year.

See Also: Chancellor Lester Wolfson Collection in the IU South Bend Archives for additional commencement programs, baccalaureate programs. See the Chancellor Wolfson Collection also for dedication materials for various classes of trees on campus. Note – there are additional materials in electronic format that can be accessed by researchers by contacting the Archivist.
