**Title:** Indiana University South Bend Photograph Collection

##### Abstract:

A collection of photographs taken of people, events and campus buildings at Indiana University South Bend from the 1940's to the present. The collection includes photographs of Commencements, various Academic Divisions, Administration and Administrators, Students and Student Organizations, and special campus events. Additionally, there are many images of the campus itself. These include images of construction projects, building exteriors, parking lots and campus artwork. While the vast majority of the collection is photographs, several of the sub-headings have a significant number of 35mm slides.

This collection more than doubled in size with the donation of several thousand images from the Office of Marketing and Communications in 2009. The donated images increased most sub-headings in this collection twofold.

##### Scope and Content Note:

Material is arranged by event or department, then is arranged by date or alphabetically.

It should be noted that there are manuscript collections held within the Indiana University South Bend Archives that hold related materials that reflect many of the events and people included in this Photograph Collection. Examples include the IU South Bend Commencement Programs Collection, The Schurz Library Collection, and the Chancellor Lester Wolfson Collection. Using the Photograph Collection in concert with other such collections would give a researcher a full picture of the IU South Bend Campus.

*Note:* Images of faculty members are located in their individual faculty publication file.

## **Photograph Categories:**

### **Box 1a and Box 1b – Commencement**
