Scope and Content Note

Collection includes the student publication, *New Views on Gender*. It is published in the tradition of IU South Bend's Women's Studies Department, which, as the publication's inaugural edition points out, is one of the country's oldest such programs. The Women's Studies classes produced a wealth of student work exploring gender issues, body image issues, etc. This publication is an attempt to gather such work and to encourage all IU South Bend students to contribute work exploring these issues. The publication (like the student newspaper, *The Preface*), is produced with student activities funds and comes under the supervision of the Publications Board, in partnership with the English Department.

Notes:

- There is a poster in the Archives' flat storage area (in the Archives' office, Library room #204A) calling for submissions for the 2008 issue.
